LEGISLATURE ADJOURNS

Some things done by the law makers of interest to our readers:

School taxes have been arranged so that the Supervisor may make larger levies, and that of course to the State Constitution limit. We have the limit now of 50c, but the Constitutional limit is now proposed to be put at \$1.

The necessary machinery for enabling women to vote was passed. Having already passed the bill now goes to the governor for his approval. Attorney General Saunders has pronounced it entirely sound and constitutional. The possibility of an extra session of the legislature is thus obviated. Ladies will now pay poll tax and take their choice as soon as two more states ratify U. S. amendment, which Virginia refused to do.

The salaries of School Superintendents have been increased. Appomattox will get about \$1700 and Buchanan about \$1800. The law brings up the low ones and reduces the high ones.

The fees of the Treasurer and Commissioners of the revenue have been substantially increased.

The prohibition law so amended that a proper search warrant shall be issued before searching a citizen's private baggage or home.

Delegate Platts bill providing for appeal to Supreme Court as a matter of right became law in the last hours of the session.

The budget prepared by the governor and his assistants on the log roll and greatly aided the law makers in doing their work of the session in a "workshop shop manner".

Delegate Horely bill allowing Appomattox to levy a local capitation tax not to exceed \$1.00, heretofore levied in this county, this will give \$2 capitation tax to Appomattox citizens.

Delegate Horely's road bill providing for a complete, continuous and connected survey of the State Highway system as a whole was passed. This is a good law and will be valuable to all citizens and especially to the Commissioner.

The shivering Hanover Hill and Progress remarks: "Bismarck if it don't look like more than one egg and how was his shadow on sausage day."

Dr. Peters may be the next President. Editor of the Farmville district. Anyhow, the interest of the Commonwealth will not stand between him and an eldership—Farmville Herald.

Bishop Cannon arrived from Mexico just a bit too late to pull Dr. Peters out of the mud—Farmville Herald.

Sidney Peters would make a good Elder. He will make good news anywhere. The people wanted the office held abolished, but after the fight started it consumed Dr. Peters and the tax-payers are not relieved.

Bishop Cannon happened in Richmond on business and only spoke to his own representatives about the election of Dr. Peters. It appears that Bishops sought to have some privileges as well as other folks.

Buckingham. A private letter reaching here from Houston, Texas, brought the end news of the death of Mrs. Arthur Hartwell, of that city. Many of her friends here will remember her as Gypsy Haskins when she spent the summer here in the home of her Uncle, Mr. W. W. Haskins. She died of pneumonia following influenza and is survived by one son and her husband.

Mr. and Mrs. Branch Rosen

LIVER DIDN'T ACT

DIGESTION WAS BAD

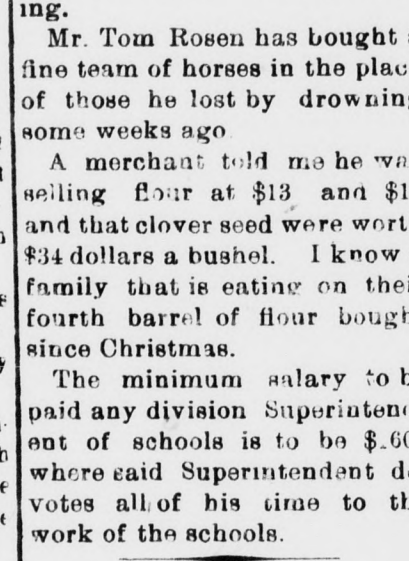

Says 65 Year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Madisonville, Ky.—Mrs. Cynthia Higginsham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and I took so little to digest. My appetite was gone. I was very weak."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the liver was a "savage" one. One cost a dose of Black-Draught.

Seventy years of successful use has made Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in clearing the system and relieving the trouble that comes from constipation, indigestion, liver, liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Try Black-Draught. One cost a dose of Black-Draught.

Every Inch of the Bates Steel Mule is Thoroughbred

The United States government by means of the Department of Agriculture, has been looking into the tractor question and its bulletins clearly prove that the satisfied tractor owner—men who say that the tractor has paid—are men who own the BETTER CLASS of tractors. The successful man has learned years ago that he can't get skilled STEEL MULE costs more than it is worth more. Skilled factory procedure, quantity production and the most modern Machinery enables us to save money at every turn, yet the BATES STEEL MULE cost slightly more in the beginning to build but considerably less in the long run to own. It's just another case where a seemingly higher priced article is far cheapest to own when you come to actually USE it.

The Bates thoroughbred quality comes not from mere claims, but from what's put into it. Every part that goes to make up the BATES STEEL Mule is put there by long field experience. There isn't a part that isn't tried and tested. There isn't a part that experience hasn't dictated the shape and size of, and in it all there isn't one superfluous part, nor one part that isn't capable of standing up under twice the strain it gets in actual use. These are things experience and practice have dictated. The BATES comes to you as a fulfillment of your desire for a tractor that will endure. Price is what we pay for a thing. Value is what we get out of it. Consider your tractor from what you will get out of it. Consider how many working days you have when the ground is wet, consider the operations where you can not afford to rack your seed bed, and consider how constantly and economically they must be performed even in rush times, you will then see why the BATES STEEL MULE is the biggest value offered in any tractor on the American market today.

Moses & Hancock, APPOMATTOX, VA.

Attention Farmers!

THE FARMERS TOBACCO WAREHOUSE COMPANY is offering to actual tobacco growers only a chance to subscribe to an additional stock issue of Ten Thousand Dollars. New stockholders to participate in any dividends paid at close of season at same rate as original holders.

This is a splendid chance to invest your money in a paying business. Subscription books will close April 1st, and payment in full for all stock subscribed will be due at that time. Apply if interested to W. O. MOSS, Manager.

A. R. HARWOOD, Sec.-Treas.
